

I urge my colleagues and citizens of the Seventh Congressional District to join with me in congratulating Dr. Wilson on 23 years of providing soul energizing, gospel music to more than 40 million homes around the nation.

NATIONAL COMMISSION ON CHILDREN AND DISASTERS REAUTHORIZATION ACT OF 2010

SPEECH OF

HON. JAMES L. OBERSTAR

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 20, 2010

Mr. OBERSTAR. Madam Speaker, I submit the attached exchange of letters on H.R. 5266, the "National Commission on Children and Disasters Reauthorization Act of 2010" between the Committee on Transportation and Infrastructure and the Committee on Homeland Security.

COMMITTEE ON HOMELAND SECURITY,
Washington, DC, July 20, 2010.

Hon. JAMES L. OBERSTAR,
Chairman, Committee on Transportation and Infrastructure, House of Representatives, Washington, DC.

DEAR CHAIRMAN OBERSTAR: I write to you regarding H.R. 5266, the "National Commission on Children and Disasters Reauthorization Act of 2010."

H.R. 5266 contains provisions that fall within the jurisdiction of the Committee on Homeland Security. I recognize and appreciate your desire to bring this legislation before the House in an expeditious manner and, accordingly, I will not seek a sequential referral of the bill. However, agreeing to waive consideration of this bill should not be construed as the Committee on Homeland Security waiving, altering, or otherwise affecting its jurisdiction over subject matters contained in the bill which fall within its Rule X jurisdiction.

Further, I request your support for the appointment of an appropriate number of Members of the Committee on Homeland Security to be named as conferees during any House-Senate conference convened on H.R. 5266 or similar legislation. I also ask that a copy of this letter and your response be included in the Congressional Record during floor consideration of this bill.

I look forward to working with you as we prepare to pass this important legislation.

Sincerely,

BENNIE G. THOMPSON,
Chairman.

COMMITTEE ON TRANSPORTATION
AND INFRASTRUCTURE,
Washington, DC, July 20, 2010.

Hon. BENNIE G. THOMPSON,
Chairman, Committee on Homeland Security, Washington, DC.

DEAR CHAIRMAN THOMPSON: I write to you regarding H.R. 5266, the "National Commission on Children and Disasters Reauthorization Act of 2010."

I agree that provisions in H.R. 5266 are of jurisdictional interest to the Committee on Homeland Security. I acknowledge that by forgoing a sequential referral, your Committee is not relinquishing its jurisdiction and I will fully support your request to be represented in a House-Senate conference on those provisions over which the Committee on Homeland Security has jurisdiction in H.R. 5266.

This exchange of letters will be inserted in the Congressional Record as part of the consideration of H.R. 5266 in the House.

I look forward to working with you as we prepare to pass this important legislation.

Sincerely,

JAMES L. OBERSTAR, M.C.,
Chairman.

HONORING THE MORRIS COUNTY 4-H FAIR

HON. RODNEY P. FRELINGHUYSEN

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 22, 2010

Mr. FRELINGHUYSEN. Madam Speaker, I rise today to honor the Morris County 4-H Fair, celebrating its 40th anniversary this year.

The 4-H organization began at the start of the 20th century with a group of individuals who wanted to promote the idea of practical, "hands-on" learning. In a society where young people were beginning to gravitate toward city living, this group felt the desire to create an organization focused on country life. Ever since, their ideas have grown from a need to initiate new agricultural technology and techniques on the nation's farms to creating a safe and fun environment where any young person can be involved.

4-H officially came to New Jersey in 1915. The first Morris County 4-H boys were involved with Corn Clubs. Girls worked in Tomato and Canning Clubs. It was World War I that gave them a practical purpose. Clubs adopted the slogan "Feed A Fighter" by raising livestock and growing vegetables to help feed United States soldiers.

Morris County 4-H, as we know it today, began in the early 1940s adopting to "pledge my Head to clearer thinking, my Heart to greater loyalty, my Hands to larger service, and my Health to better living, for my club, my community, my country, and my world." The club began with boys and girls participating in a variety of project areas ranging from traditional livestock and home economics to wood working, conservation and fashion. Today, Morris County 4-H members learn leadership, citizenship and life skills through a variety of projects related to science to healthy living.

The annual 4-H Fair has filled the gap left by the disappearance of many of the old country fairs. It began as a few tables in the middle of Rockaway Town Square Mall, and with borrowed tents and personal dedication, evolved into a modern-day country fair with 25,000 visitors. Today, area residents can see the accomplishments of the Morris County 4-H youth first hand as they exhibit their handiwork in everything from food and nutrition to model cars and rockets. In a world overrun by videogames and television, 4H teaches the youth of our community the value of hard work by creating contests and rewards for each club. The 4-H Fair provides the outlet for these young people to display their projects

Madam Speaker, I ask you and my colleagues to join me in congratulating the Morris County 4-H Fair as they celebrate 40 years of dedicated years of service to the youth of Morris County!

HONORING ROBERT FOZIO

HON. BETTY SUTTON

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 22, 2010

Ms. SUTTON. Madam Speaker, I rise today with a heavy heart to pay tribute to Robert Fozio, who passed away on April 17, 2010 after a courageous battle with cancer. Robert played a very active role in the Northeast Ohio community and that is how I became acquainted with him.

Robert was a bricklayer, an avid outdoorsman, devoted husband, loving father, grandfather, and brother. Robert always taught his family that wherever you are, to be 100% there. He also emphasized the importance of never forgetting who you are and where you came from. Whether it was through his longstanding membership with Bricklayers Local 5, the Northern Ohio Administrative District Council, the International Union of Bricklayers, the Allied Craftworkers, or his time serving with the U.S. Navy in Vietnam, Robert was a fixture in the community.

At the young age of 17, Robert received special permission from his mother to join the U.S. Navy so that he could bring in additional income for his family. Robert joined the Local 5 in 1963 shortly after returning from his naval tour in Vietnam. Robert quickly ascended through the ranks in the allied crafts and was a superintendent and foreman for the majority of his career. He was a brilliant man, which was demonstrated by his own professional success, as well as his efforts to improve the lives of other tradesmen.

In 1998, Robert was named interim director of the District Council and was elected full-time director in 2001 until his retirement in 2009. His tireless work for the industry was rewarded when the Robert A. Fozio Regional Training Center for all craft apprentices and journeyman upgrading was opened in May 2005. The Training Center was a model in innovation, training all facets of the allied crafts under one roof, which provided a higher standard and level of expectation for contractors in the area. This center came to be known as the best training center in the United States for apprentices in allied crafts and for journeyman upgrading.

In his free time, Robert was an avid hunter and fisherman and spent several years as a professional archer. In recent years, he developed a love for sporting clubs and spent his free time shooting with friends and family. In fact, Robert went on a hunting expedition in 2008 with the Theodore Roosevelt Conservation Society and appeared in a video shooting white-tailed deer, which still appears on many outdoors programs.

He was a respected and beloved member of the greater Brunswick community, and his presence will be remembered by the entire area. His legacy of community, friendship, family, and hard work will continue for many years.

Robert leaves behind not only those whom he served, but also a loving family—his wife Dorothy, his daughters Tiffany Yohman and Theresa Berthold, his sisters Rose Marie Friend, Marilyn Seltzer, and Carolyn Fozio, his brothers Donald and Patrick Fozio, his grandchildren, as well as many other close family members and friends. Robert will truly

be missed. We will always remember Robert for his commitment to his community, his caring for his union brothers and sisters, and his dedication to his family. And I will remember the central quotation by which Robert lived his life: "Plan your work and work your plan."

On behalf of the people of Ohio's 13th District, I want to express my deepest sympathies to the Fozio family. They have lost a great husband, father, and grandfather who passed away much too soon and we have lost a true friend and committed member of our community.

HOMELAND SECURITY SCIENCE AND TECHNOLOGY AUTHORIZATION ACT OF 2010

SPEECH OF

HON. PETER T. KING

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 20, 2010

Mr. KING of New York. Mr. Speaker, I rise in support of H.R. 4842, the Homeland Security Science and Technology Authorization Act, which will authorize needed funds for important activities and programs within the Department of Homeland Security to help make our country more secure.

This bill is the product of extensive bipartisan work dating back to last summer, which includes input from numerous stakeholder meetings, the Department of Homeland Security, and the House Committee on Science and Technology.

I want to recognize the work of Chairwoman CLARKE—the author of the bill—and Ranking Member LUNGREN, whose Subcommittee on Emerging Threats, Cybersecurity, and Science and Technology marked up this bill on March 16 and reported the bill favorably by voice vote.

The Full Committee then considered this bill and reported it unanimously by a vote of 26–0 on April 15, 2010.

We appreciate the Majority working with us in a bipartisan way, and including a number of provisions of importance to Republican Members.

These provisions include the establishment of research initiatives to bolster border and maritime security, development of tools to enhance resilience to terrorist attacks and other incidents, especially in rural communities, research and testing of technologies to help secure the border and ensure the safety of our underground mass transit systems, and an assessment of how useful rapid screening tools for influenza and other biological threats would be at our border ports of entry.

I also want to highlight a very important provision in this bill that is critical both to the security of New York City and surrounding areas as well as to our Nation as a whole, which is the authorization and expansion of the Securing the Cities program.

Securing the Cities is a vital homeland security program to help prevent terrorist attacks in major cities using nuclear or radiological weapons, like a dirty bomb. The program has enabled the establishment of a networked ring of radiological detectors on highways, toll plazas, bridges, tunnels, and waterways leading into and out of New York City, which as we have seen, is the top terror target for al-Qaeda and affiliated terrorist organizations.

Securing the Cities is both a regional capability and a national asset. The program provides the operational capability to interdict a radiological or nuclear weapon in one city so that it cannot be delivered to and detonated in another.

Recent attacks on New York City came from other regions: Najibullah Zazi traveled from Denver to New York City in a plot to possibly bomb the subway system and Faisal Shahzad traveled from Connecticut to New York and attempted to detonate a car bomb in Times Square.

The detonation of a nuclear or dirty bomb in the New York tri-state area, or in any major metropolitan area, would inflict serious damages to our country's economy, much like the 9/11 attacks did.

Securing the Cities is a successful program that can and should be replicated in other areas around the country. That is why language in this bill would expand the program to at least two additional high-risk cities where these capabilities are most needed, leveraging what we have already learned about building defenses against nuclear and radiological weapons in New York to erect similar security perimeters in and around other cities.

Securing the Cities is an excellent example of the type of coordination between Federal, State, and local partners that Congress has demanded and the Department has worked to facilitate. We absolutely must enhance our nuclear detection architecture in a world where the threat of nuclear terrorism is on the rise.

The House has voted in favor of the Securing the Cities program on four separate occasions. These include last year, when the full House supported similar language when it passed H.R. 2611 under Suspension of the Rules by voice vote on January 20, 2010. The House again voiced strong bipartisan support when it adopted an amendment Representative Clarke and I offered in June 2009 to H.R. 2892, the Fiscal Year 2010 Department of Homeland Security Appropriations Act, to restore funding for this vital program.

House passage of this bill will reaffirm the continuing bipartisan support for this program in the House and send a strong signal to the United States Senate to pass legislation to authorize Securing the Cities prior to adjournment of the 111th Congress.

I want to remind our colleagues that the threat of nuclear or radiological terrorism is real. The WMD Commission warned in 2008 that an attack using a weapon of mass destruction was likely to happen somewhere in the world by 2013. Commissioners Graham and Talent repeated this warning before the Committee on Homeland Security on April 21 of this year.

The President's National Security Strategy that was released earlier this year concluded that "the American People face no greater or more urgent danger than a terrorist attack with a nuclear weapon."

The potential of nuclear or radiological terrorism is a nightmare scenario that we must guard against with every available capability and resource. Authorizing and expanding Securing the Cities will help better protect our country from such danger.

Let me close by saying while I am pleased we are considering this bill today, I believe the House should be considering a comprehensive authorization bill for the Department. The House has not done so since 2007, with one

of the reasons being too many committees and subcommittees have jurisdiction over homeland security issues.

The 9/11 Commission recommended in 2004 that "Congress should create a single, principal point of oversight and review for homeland security." The current jurisdictional web of congressional oversight of the Department of Homeland Security results in conflicting guidance to the Department and is a serious drain on its time and resources.

The Chairman and Vice Chairman of the 9/11 Commission—Governor Kean and Congressman Hamilton—have testified this jurisdictional maze is unworkable and could make our country less safe.

I hope that we can streamline congressional jurisdiction moving forward so that Congress can enact a comprehensive authorization bill for the Department, which has not happened since its creation in 2003. The failure to do so jeopardizes our ability to ensure that our nation's homeland security policies are as robust as they need to be to meet the evolving nature of terrorist threats.

I again want to thank Chairman THOMPSON, Congresswoman CLARKE, and my friend from California, Mr. LUNGREN, for crafting a very good bill that will help improve our homeland security capabilities.

I urge my colleagues to support passage of H.R. 4842.

IN HONOR AND REMEMBRANCE OF CLEVELAND POLICE OFFICER EMIL CIELEC

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 22, 2010

Mr. KUCINICH. Madam Speaker, I rise today in honor and remembrance of Cleveland Police Officer Emil Cielec, a devoted husband, father, grandfather, friend to many and lifelong guardian and protector of the people of the City of Cleveland. Officer Cielec retired from the Cleveland Police Department less than two years ago. He left behind a legacy that will forever reflect excellence, honesty and bravery.

Mr. Cielec was raised by parents who came to America from Poland in search of a better life for their family. Growing up on the west side of Cleveland as one of eleven children, he learned early on the significance of hard work and community. He lived his life in dedication to his family and to his Roman Catholic faith. Mr. Cielec graduated from Lincoln High School and then served our nation in the United States Army. He was working on the production line at General Motors when he learned that the City of Cleveland Police Department was hiring. He immediately applied and diligently studied for the test. In 1957, Mr. Cielec was sworn in as a Cleveland Police officer and served with honor until his retirement in 2008.

Officer Cielec had a stellar reputation as an officer who treated all people with dignity, fairness, and respect. He was tough, yet compassionate and honorable. During his tenure with the Cleveland Police Department, Officer Cielec saw twenty-two Police Chiefs come and go. He weathered many storms—on the streets and in City Hall. His reputation was
